TO CLOSE THE FUND BY END OF MONTH

Campaign is Started to Get Remaining \$1,000 in Cash to Make County's Armenian Quota

TOTAL CASH RECEIVED \$3,913

More Than \$200 Paid in Three Days,
But no More Townships Have Reached Allotments

	Quota	Cash
Ripley	\$ 450.	\$945.76
Posey	350.	100.90
Walker	300.	248.50
Orange	300.	303.50
Anderson	450.	471.55
Rushville	1,500.	996.67

Center	350.	302.85
Washington	275.	275.00
Union	325.	140.50
Noble	275.	275.50
Richland	225.	122.25

Total \$3,913.73

With \$1,000 in cash yet to raise, Walter E. Frazee, county chairman of the Armenian-Syrian relief campaign, today started a drive to close the fund, with the quota of \$4,950 paid in, by the last day of this month. Much of the balance due has been pledged, it is believed, and the task remaining is to collect that which has been subscribed and raise a little more money in some of the townships which have not reached their quotas.

A compilation by the treasurer of the fund today showed \$3,913.73 actually paid in cash. This is an increase of almost \$200 since the last report of the cash on hand, made three days ago.

These cash contributions, however, have not been responsible for any more townships reaching their allotments since the last report. Only five townships have touched or passed their quotas—Ripley, Anderson, Orange, Washington and Noble.

Several townships, however, are close to the goal, notably Walker, which lacks only \$51.50. It is thought there are enough unpaid pledges to make the quota of \$300. Jackson township, too, is only \$17.25 behind its allotment of \$200. Center lacks only \$47.15, but Union, Richland and Posey are all more than \$100 behind. Rushville township lacks \$500, but there are many pledges in this township yet to be paid.

IS DISCHARGED OVERSEAS

Private Hughes Walker Sails For Home, Wife Hears

Mrs. Hughes D. Walker has received word that her husband, Private Hughes Walker, was discharged in France and sailed for the states yesterday, expecting to be home by March 1. Private Walker was stationed at the French Field Canal Zone. (Private Walker is the first soldier from this county to be discharged overseas.

IS DUE IN BOSTON MONDAY

President Wilson Expected to Speak In The Afternoon

(By United Press.) Washington, Feb. 21.—The president's ship, George Washington, will arrive in Boston by Monday noon, Secretary of Navy Daniels announced this morning. The president plans to return to France, sailing about March 5, Daniels added.

The president expects to speak in Boston Monday afternoon.

Washington, Feb. 21.—The house today passed the bill appropriating \$750,000,000 for the railroad administration's revolving fund. The vote was 272 to 15.

SAYS PEOPLE SHOULD VOTE

Borah Thinks They Should Express Will on League

(By United Press.) Washington, Feb. 21.—Senator Borah today demanded that the American people be given a vote on the league of nations constitution before the government binds itself under the compact.

In a speech to the senate, he warned that if the people are not afforded this opportunity to express their opinion, they will take the opportunity later to express their mind.

SWITZERLAND SCENE OF RADICALS PLOTS

Rumors of Several Being Unearthed There, Including One to Assassinate Wilson

CLEMENCEAU IS IMPROVING

(By United Press.)

Paris, Feb. 21.—Rumors were being circulated in Paris today that several plots have been unearthed in Switzerland in connection with the attack on Premier Clemenceau. One report was that radicals had planned to assassinate Clemenceau and President Wilson but had not succeeded in crossing the frontier into France owing to the watchfulness of the police. None, however, could be traced to a reliable source.

Premier Clemenceau will be out of danger within forty-eight hours, it is believed. "I am very optimistic of my ability to return to work in four or five days," he told President Poincare. It was announced that the premier was getting on as well as possible.

INJUNCTION ISSUED AGAINST PHONE RATES

Judge Holds Burleson Has No Right to Fix Rates in Excess of Those Fixed by Commission

ADMITS RIGHT TO OPERATE

Indianapolis, Ind., Feb. 21.—A temporary injunction restraining the Central Union and Indianapolis telephone companies and Postmaster General Burleson from continuing to enforce the increased toll rates, was granted by Judge Lewis Ewbank in Marion circuit court today on petition of the public service commission. The decision affected the entire state.

Judge Ewbank said the right of Burleson to take over and operate the telephone companies is not questioned, but denied the right of the postmaster general to fix charges in excess of the rate fixed by the public service commission.

Paul Haynes, member of the public service commission, in a statement following the decision, said that the main point decided by the judge were: the public service commission still had authority to control rates, and that the Burleson toll rates on installation and removal charges are illegal.

MUST RETURN MATERIAL.

Basle, Feb. 21.—The German national assembly had decided that industrial material taken from France and Belgium must be returned, according to dispatches from Weimar today.

TRANSPORTS STILL DELAYED

New York, Feb. 21.—Gales sweeping the Atlantic today continued to delay the arrival of 18 transports with 20,000 troops. Several of the vessels, including the Henderson, carrying more than 10,000 sick and wounded, have crossed Calmer, the southern water zone.

WOULD SUBMIT QUESTION TO VOTE

House Votes in Favor of People Being Allowed to Decide Whether New Constitution is Needed

JOINT MEETING TO BE HELD

House and Senate Committees Will Consider Tax and State Highway Commission Bills

(By United Press.) Indianapolis, Ind., Feb. 21.—The house of representatives today endorsed the proposal to submit the question of a constitutional convention to the voters of the state at the general election in 1920.

The vote was close, 33 members favoring indefinite postponement of the bill when it was reported out of the committee, and 38 favoring the majority committee report recommending passage.

Representative Miller of Indianapolis, author of the bill, in a speech in favor of the measure, declared that the need for a new constitution was shown by the large number of constitutional amendments submitted at this session.

Speaker Eschbach of the house announced that the tax bill and highway commission bill, passed by the house yesterday, would again be considered by a joint committee meeting of members of the house and senate.

Further progress was made on the anti-German language legislation in the assembly today when the Van Aukken bill removing the necessity for having credits in German in order to graduate from high school, was recommended for passage by the house educational committee. The McCray bill eliminating the German tongue from grade schools, was sent to the printer and was expected to be taken up on second reading Monday.

An amendment by Representative Laughlin to the Harris bill fixing qualifications for superintendents and teachers, provided that a school superintendent, teacher or supervisor who breaks a contract, shall have his license revoked and a new license cannot be given for a period of eight years. Representative Laughlin declared that the contract breaking evil had been growing rapidly among teachers.

The Tague bill extending the term of the judge of the circuit court of Franklin, Fayette and Union counties, was recommended for passage in the senate.

TRIAL IS POSTPONED AGAIN

Otis Jones Allowed More Time on Embezzlement Case

For the second time the case of the state against Otis Jones of Indianapolis, formerly of this city, accused of embezzlement, has been postponed. The first postponement was due to the defense not being ready, and today Squire Stech continued the case to next Wednesday for the same reason.

LIQUOR CARRYING STOPPED

Injunction Against Practice Issued In Toledo Today

(By United Press.)

Toledo, Ohio, Feb. 21.—Carrying liquor from Ohio into Michigan was stopped this morning when Judge Root of the circuit court granted an injunction enjoining every person from bringing liquor into Michigan on the ground that it is against the constitution and the dry laws of the state. State officials will arrest all liquor runners crossing the state line.

HALF POPULATION IN THE RED CROSS

Report on Membership Drive Reveals 9,295 Members and Receipts Amounting to \$9,419.85

\$99 EXCESS CONTRIBUTIONS

Some Donations Are Used to Pay For Persons Who Are Unable To Belong

The membership of the Rush county chapter of the American Red Cross now numbers 9,295, representing approximately fifty percent of the population of the county, according to an official report on the results of the membership drive the week before Christmas last year.

Total receipts for the membership drive amounted to \$9,419.85, the report shows, of which \$99.10 was in the form of contributions that paid for no memberships. In some instances contributions were used to pay for memberships of persons who could not afford to join, but this sum was in excess of all contributions so used.

There are 9,276 regular members and nineteen subscribed members—those who pay more than a dollar a year and receive the Red Cross magazine. The local chapter keeps \$1.25 of the membership dues of the subscribing members and 50 cents of the dues of the regular members. Twenty-seven junior members are also listed, children who joined for 25 cents dues but are not of school age. No report is available on the membership of the Junior Red Cross composed entirely of school children.

Excess contributions were divided among the townships as follows: Posey, \$12.50; Walker, \$50; Rushville, \$20.10; Union, \$18; Noble, \$6; Richland, \$42.

The following shows the membership of all classes excepting juniors, and the amount paid in dues, including excess contributions:

Twp.	Members	Amount

FINED FOR RUNNING WITH NO 1919 LICENSE

Everett Messer Pays Fine of \$1 and Costs Today—Auto Laws Enforced Elsewhere, Mayor Says

CITES INDIANAPOLIS CASES

Everett Messer, living east of the city, was fined \$1 and costs by Mayor Irvin today for running his automobile without a 1919 license plate. The mayor says that Messer had previously been warned about buying a license and on one occasion had promised to order a license plate at once, which he did not do. Messer paid his fine.

The mayor pointed out that automobile laws are being rigorously enforced in other cities. He referred to an item in the Indianapolis News last night reporting the fining of five speeders, of two who parked their cars with the motors running and of a number of others for running without this year's license plates.

In the last few days two Rush county men have been fined in Indianapolis for driving their machines past a standing street car, the mayor says.

LOCAL SHRINERS ATTENDING

Going to Cincinnati For Ceremonial Session Tomorrow

Local Shriners today began the pilgrimage across the desert to the Syrian Temple in the Oasis of Cincinnati for the ceremonial session which is advertised as the biggest Shriners event in the middlewest since the war. A number of Shriners left over the C. I. & W. at 10:51 this morning and a much larger crowd is expected to go in the morning. The initiation will take place at Music Hall tomorrow afternoon at 2:30, preceded by a parade at 1:45.

PERSON-TO-PERSON CALLS NOW ALLOWED

Revision in Telephone Rules Allows other Than Station-to-Station Calls in County

BECOMES EFFECTIVE TODAY

BULLETIN.

The Rushville Co-operative Telephone Co. was notified this afternoon to apply the old phone rates on account of the injunction issued in Indianapolis today against the new government rates.

A change in the rules governing telephone companies, which became effective when the government assumed control last month, was announced today by the Rushville Co-operative Telephone company, and makes possible a person-to-person, appointment or messenger call in Rush county. The rules originally issued did not allow anything but a station-to-station call under twelve miles, which made impossible a call of any other kind in Rush county. The change became effective today.

A station-to-station call any place in the county is ten cents, but a person-to-person call is fifteen cents and an appointment or messenger call is twenty cents. A report charge of five cents is assessed on person-to-person and appointment or messenger calls in case no conversation takes place over the telephone. This charge is made to pay for the time of the operator in putting up the call.

JOHN TRIBBEY FOUND GUILTY BY THE JURY

Sentenced to 30 Days in Jail and Fined \$50 and Costs After 10 Hours Deliberation.

ALSMAN TRIAL NEXT TUESDAY.

The jury returned a verdict at two o'clock this morning, after being out more than ten hours, in the case of the state against John B. Tribbey of Posey township, finding him guilty as charged in the grand jury indictment, and fining him \$50 and costs and giving him a jail sentence of thirty days.

The trial of the case, in which Tribbey was accused of illicit relations with Mrs. Blanch Alsmann, wife of Tom Alsmann, 424 East Eighth street, began before a jury yesterday morning and continued until about three o'clock in the afternoon. The defense introduced no evidence, Tribbey himself not being placed on the witness stand.

Mrs. Alsmann faces the same charge as Tribbey did, having been indicted by the grand jury at the same time. In the hearing yesterday, it was brought out that Alsmann shot at his wife and Tribbey, while they were riding in a buggy northwest of Rushville, the night of December 26, and that a "spent" bullet caused a slight flesh wound in Mrs. Alsmann's shoulder. Mrs. Alsmann's trial is set for next Tuesday.

TOURNEY WILL BE HELD HERE MAR. 1

Eight Basketball Teams Will Participate in Invitational Basketball Tournament.

WILL BE THREE SESSIONS.

Winner Will be Presented with a Silver Loving Cup at Close of Tourney

The annual invitational basketball tourney will be given in the Rushville high school gymnasium, Saturday March 1. It has been the custom of the local high school to hold a tournament each year at this time and a great deal of benefit has been derived therefrom. Teams from various counties compete, giving each an idea where they will stand in the sectional tourney. It gives the players and scholars an opportunity to become better acquainted with the various schools and faculty.

Connersville, Moscow, Arlington, Manilla, Milroy, Morristown, Rushville and Shelbyville high schools will be represented and a good attendance is expected at each of the sessions. The morning session consisting of four games, will commence at 9:00 o'clock; the afternoon session of two games will commence at 2:30 o'clock and the evening session, also of two games, will commence at 7:30. The teams will draw their opponents at 8:30. A handsome loving cup will be presented to the winning team. The doors will be open to the public thirty minutes before each session.

The high school girls will serve refreshments and sandwiches during the games, the proceeds of which will be turned over to the United War Work campaign pledges. The girls will also have a rest room furnished for the use of the girls from the visiting schools. They will be free to go there at any time during the day, and will be able in this way to talk with old friends, as well as making many new ones.

The boys are also planning to take charge of the visiting boys and make them feel at home while here and in general show them a good time. The teams which will take part in the tourney are the pick of this part of the state and basketball fans are assured of a full day of good sport.

GERMAN TROOPS FIGHT IN THE NEUTRAL ZONE

With Permission of Gen. Foch, They Recapture Elberfeld Buildings From Spartacans

DISORDER ON THE INCREASE

(By United Press.)

Basle, Feb. 21.—German government troops operating with Marshal Foch's permission, have recaptured from the Spartacans all the principal buildings in Elberfeld, according to dispatches received here today. The fighting continued until noon yesterday when, in agreement with the allies, the troops withdrew until this morning, leaving a guard to maintain order.

Elberfeld is within the neutral zone east of the Rhineland.

The general strike and disorders are increasing, it was indicated in the dispatches today.

Mutinous sailors and government troops clashed in Munich when sixty sailors attacked the building in which the Bavarian council was sitting, according to the dispatch. The sailors retreated.

PREMIER ASSASSINATED

Amsterdam, Feb. 21.—Kirk Reisner, Bavarian premier has been assassinated, according to a dispatch from Munich today.

Make This Test For Acid-Stomach

There are millions of people who suffer almost daily from the horrors of an acid-stomach—indigestion, sour, gassy, stomachic, distressing heartburn, sickening food-repeating, painful bloating and that miserable, puffed up, lumpy feeling after eating. Many of these people have tried treatment after treatment; medicine after medicine; others have gone to doctors and stomach specialists and some to hospitals but in spite of all of their efforts they have obtained no lasting relief or a permanent cure.

These symptoms simply mean acid-stomach. If allowed to run on, they are very likely to cause a lot of serious trouble. Dyspepsia, rheumatism, gout, lumbago, sciatica, splitting headache, dizzy spells, nervousness, sleeplessness, mental depression, melancholia, a feeling of listlessness and all-goneness—these are just a few of the disorders which can be traced to acid-stomach. As a matter of fact, acid-stomach is often the direct cause of those almost incurable conditions known as catarrh of the stomach, intestinal ulcer, and cancer of the stomach. The lives of those who suffer from these serious troubles are nothing short of daily agony. Surely, then, you must see how important it is to go at once to the seat of the trouble—acid-stomach. You know what acid-

mouth does to the teeth—how it eats right through the hard enamel and causes them to decay. Think then of the havoc that must be caused by excess acid in the stomach!

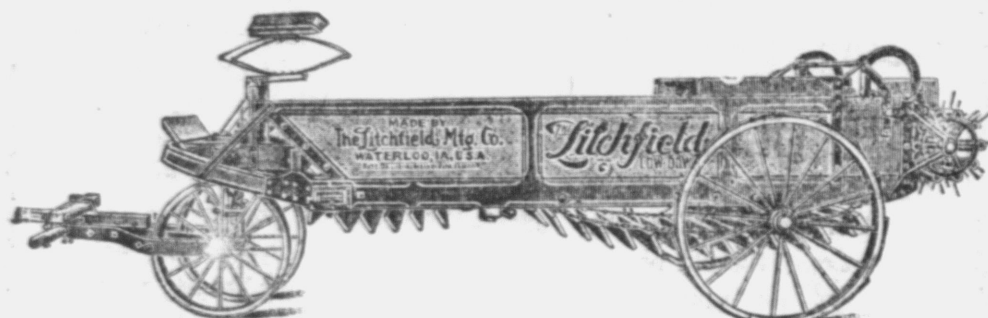

Even if you are not suffering any immediate stomach pains, but are not feeling just as fit and fine as you should, you should by all means make this test: go to your drug store at once and get a big box of EATONIC. It is in the form of pleasant-tasting tablets—you eat them like a bit of candy. EATONIC is prepared for just one purpose—correcting acid-stomach by driving out the excess acid. EATONIC literally absorbs the excess acid. It brings instant relief from the pains of indigestion, heartburn, belching, sour, gassy stomach, bloating, etc. It makes the stomach pure, sweet, cool and comfortable, puts it in a normal, healthy condition, so that your food is properly digested. You need every bit of strength you can possibly get out of the food you eat—and EATONIC helps you get it.

Don't put this test off if you value your future good health and happiness. You run no chance at all because EATONIC is absolutely guaranteed to give you relief or your druggist will refund your money. The cost is a mere trifle.

EATONIC

FOR YOUR ACID-STOMACH

The Reason Why

We Can Guarantee

If a machine is to be guaranteed for five years it must be built so it won't break down. Every part must be as strong as the rest—no weak points. Something besides "bullstrength and awkwardness" has been brought to bear in the production of the RUSHVILLE SPECIAL Spreader. The theory in developing this spreader has been to remove the unnecessary strain throughout the entire machine, so that the natural strength and staying qualities of good material and good workmanship, could develop the greatest possible strength and durability.

It was, on this theory, that the BULL DOG beater-wheel and the NO-CHOKE Box were conceived and embodied as a part of this machine. These two features reduced the strain and heavy wear on the RUSHVILLE SPECIAL so that at least 30% of the usual strain on other spreaders is absolutely cut out by these inventions.

The SELF-OILING journal bearings, the Litchfield style of a single lever which starts, stops and regulates all parts of the machine, and the general simplicity cuts down the possibility for trouble and breakage to such an extent that the machine is practically "Fool Proof."

The front construction which the circle front and the Litchfield Style of bracing from the front axle to the cross bar under the machine, the ENDLESS conveyor with the SELF-CLEANING hinged sections, the self-aligning beater wheel bearings, the riveted teeth in the cylinder bars, the cross trussed and re-inforced frame, the steel hub wheel and other special features found only on the RUSHVILLE SPECIAL Spreader, all combined give the great strength, durability and long life which enables the Litchfield Mfg. Co. to give every purchaser of a standard spreader a written contract guaranteeing it for five years.

All possible cause for trouble, breakage, and accident are studiously removed and overcome. This statement is strong and so is the machine. The Company is behind it and so am I.

Cane Is Mark of High Office.

It has been the custom of the surgeon of the king of England to carry a "gold-headed cane." This cane has been handed down to the various incumbents of the office since the days of Dr. John Radcliffe, who was the first "holder of the cane." It has been used for 200 years or more by the greatest physicians and surgeons in the world, who succeeded to it. The "gold-headed cane" was adorned by a cross-bar at the top instead of a knob. The fact is explained by Munk, in that Radcliffe, the first owner, was a rule unto himself, and probably preferred this device as a mark of distinction from the knob used by physicians in general.

Life of Congress.

Each congress lasts two years; and under the Constitution must assemble at least once each year. Two regular sessions are held, both beginning on the first Monday in December. The long session lasts from December of each odd year until congress adjourns, generally on the following June or July, and the short session, beginning in December of each even year, ends at noon on the following March 4. The long session may last until the next session begins, while the short session is ended by the expiration of the two years' term for which the congress is elected on March 4, following its meeting.

W. S. Hart at The Princess

William S. Hart's new Artercraft picture, "The Border Wireless," which is being shown at the Princess theatre tonight, has been designated by those who have had previous views of the production as a picture "with a real thrill."

Of course, every Hart picture has a thrill, a consistent story with action in every foot, but the fact that this one is concerned largely with the machinations of a band of Hun-plotter in America, on the borders of Mexico, gives added interest and enables the star to depict certain phases of the war at home which are not only timely, but decidedly fascinating.

It gives Hart a chance to wear khaki; presents him first as a bandit depicts his reform when patriotic inspiration arouses him to the fact that he is at heart a man of honor; shows his effort to enter the army, temporarily frustrated by his record which is exposed by a German, and his final pardon and acceptance when he uncovers a dastardly plot and exposes the wireless operations of the spies, whose instruments are hidden in an old mine.

Howard E. Morton wrote the story and C. Gardner Sullivan the scenario. Mr. Hart directed the picture and Joe August did the photographic work. Many of the scenes were actually taken on the borders of the Mexican republic. Wanda Hawley is Mr. Hart's leading woman.

Saturday, "Everybody's Girl," featuring Alice Joyce, will be shown and a rip-roaring, Mack Sennett comedy, "Her First Mistake," is also on the program.

"The Mortgaged Wife" Tonight

Dorothy Phillips, playing the part of Gloria Carter in "The Mortgaged Wife," will be shown at the Mystic theatre tonight. This is the story of a young bride held in restraint by her former sweetheart.

The guns of fate thundered at beautiful Gloria Carter, volley after volley. The shock of finding that her husband was a thief was followed by the most disconcerting proposition a woman ever encountered from one who had been her most persistent suitor, and was now president of the bank in which her husband worked. Through tears of consternation, rage, betrayed virtue and utter hopelessness she saw in her hand a promissory note for the amount her husband had stolen, and in the lower left hand corner, under the heading of collateral, her own name with this short memorandum: "To be held until redeemed."

But worst of all, her craven husband on his knees urged her to accept the humiliating condition. With a last vain hope in her leaden breast that her husband would redeem the note, she gave her assent, and became a collateral for honor's sake.

Could she have known that her husband would get off the other side of the train which was to take him west and a new start, she would have—but what she did do was even better.

Saturday "Shorty Hamilton" will be on the program as an extra.

S. S. Cedar, of the U. S. Light-house Service, disposed of a life-saving crew-of doctors and Red Cross nurses along the southeastern coast of Alaska where the flu was raging—and picked up the crew on the home trip.

What France Has Done For Democracy

France has poured out blood and treasure to the breaking point to make the world safe for democracy. America owes her an enormous debt of gratitude for this and also for a perfect remedy for stomach, liver and intestinal trouble found by her peasants and used with reported marvelous results in this country. Geo. H. Mayr, for many years a prominent Chicago chemist, imports the ingredients and sells this herbal remedy under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Druggists Everywhere.—(Adv.)

Tired, Nervous Women What You Need is Vinol

The reason we recommend Vinol so strongly for such conditions is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates, the very elements needed to build up a run-down system and replace weakness with strength.

HERE IS PROOF

Glasgow, Ky. "I was suffering from a nervous breakdown—loss of flesh and poor appetite so I could hardly drag around and do the work for my family. My doctor prescribed Vinol. It not only made me well and strong but I have gained in weight."—Mrs. S. M. Gray.

Milwaukee, Wis. "I was weak, nervous, all run down, no appetite and had taken different medicines without benefit. A friend advised me to try Vinol. It gave me a wonderful appetite, I sleep well, have gained in weight and am now strong and well."—Mrs. E. Strey.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

One-Man Power.

Under the provisions of the espionage act and other war legislation, the postmaster general is given the power and authority to exclude from the mails all matter that he deems to be treasonable. The fact

that treason—able matter is not to be given the privileges of our postal system meets with favor from everybody, but the clothing of a single individual with autocratic power to decide the fact of whether a writing is treasonable has proved a thorn in the side of many a well-meaning editor. Some of our newspaper managers have been summoned to Washington and told that if their policy did not correspond to certain specified lines of thought their publications would be denied the use of the mails. But while one paper was rigorously censored by the post office authorities another was granted great latitude in matter that it was allowed to print. "You can gather any amount of testimony," says Senator Borah of Idaho, "from newspaper men and publishers in the country to the judgment, equally reprehensible with what that paper published, while this paper was permitted to go through the mails and that was excluded."

Senator Borah has given the whole matter much attention and two weeks ago served notice in the Senate that he would offer a named bill to the postoffice appropriation bill to repeal the provisions of law that give Mr. Burleson power to pass final judgment as to whether a news-

paper contains treasonable utterances. Unfortunately when Mr. Borah presented the amendment it was defeated by a party vote of 39 to 25.

Mr. Borah's contention was based on the fact that the constitution gives congress no power whatever to deal with the freedom of the press or of free speech, and that the delegation to a single individual of authority to brand anything he may wish as treasonable is not within the province of congress. While it is a crime to utter treason it should be the duty of a jury, and not an individual, to determine that an utterance should be characterized as treasonable, and, as a consequence, excluded from the mails.

While the proper use of the arbitrary power to deny the mails to any publication may result in much good, it is so susceptible of abuse that it is far better, in the opinion of Senator Borah, to let publishers take the risk of printing objectionable matter, knowing that they face prosecution under other statutes if they circulate treasonable statements. In the words of Madison, referring to the freedom of the press. "It is better to leave a few of its noxious branches to their luxuriant growth than by pruning them away to injure the vigor of those yielding the proper fruit." In other words the evils connected with the complete freedom of the press are infinitely small and of infinitely inconsequential effects as compared with the evil of a censored press.

As an illustration of the way the provision of the espionage act has been enforced by Mr. Burleson, Senator Borah stated that he searched through a paper from cover to cover to find why it had been denied the privileges of the mails, but with out success. He could not even select the article upon which, in all probability, the postmaster general had relied. The trouble with the law as now written is that, to use the words of Senator Borah, "The beginning and the end of it is the will of the postmaster general." Such a statute is repugnant to the spirit of the constitution that guarantees freedom of the press and trial by jury, and contrary to the cherished liberties of the people. Although Senator Borah's attempt to secure its repeal has met with a check, it may be safely predicted that it is only temporary.

Our Doughboy in France

Yes, he grumbles sometime—and who shall blame him? He has often had to march in the mud and sleep on the ground and eat "bully beef" out of a tin can. You never tried all that, did you?

And he swears, sure enough; isn't that the privilege of a soldier?

The doughboy's swearing is what the French call a "manner of speaking." He uses the words as an emphasis, without much sense of their original meaning.

Yes, he is quick tempered too, and we will thank God for it. Remember now the inspiration of righteous anger joined with spiritual trust in his cause sent him over the top like a flame of fire at Cantigny, at Soissons, at Verdun, to work vengeance on the cruel of this world and to protect the weak.

For the rest, our doughboy is a clean young fellow. He does not drink. He is generous and kind to a fault, and possesses a keen sense of humor, with very little use for hypocrisy in any form and a strong belief in all manly virtues. Whether marching through France, Belgium or Germany, fighting in the snows of Russia or escorting loads of flour into Vienna, he has an abiding faith in the good old United States and a love for home and mother.

We can all take pride in this mo-

FEEL MISERABLE FROM THAT COLD?

Colds and coughs are quickly relieved by Dr. King's New Discovery

Nobody should feel "perfectly miserable" from a cold, cough or bronchial attack for very long. For it takes only a little while to relieve it and get back on the road to recovery when Dr. King's New Discovery is faithfully used. It soon loosens the phlegm, relieves irritation, soothes the parched, sore throat, brings comfort.

Falling Hair After The Flu

Many persons come to us after they have had a case of the Flu and tell us their hair is falling out and they are getting bald. Very few people want to get bald when a 50 cent bottle of

PLANNING TRIP TO PANAMA

Congressman and Mrs. Elliot to Leave When Congress Adjourns

Connersville, Ind., Feb. 21.—Representative Richard N. Elliot and wife are planning a trip to Panama upon the adjournment of Congress March fourth. They will be members of a party that will include quite a number of Congressman and their wives and while the trip will be in the nature of a pleasure jaunt it will also be of value to the legislators. Congressman and Mrs. Elliot, both of whom are in Washington, will not return to Connersville before sailing.

The World's Tractor

This one man single unit two wheeled Tractor weighs 1700 pounds and in ten hours will plow four acres. Disc twenty acres with a seven-foot tandem disc. Harrows forty-five to fifty acres with a 15-foot harrow. Plant twenty to twenty-five acres of corn, cultivate 20 acres with a two-row cultivator.

Harvest ten acres with a corn binder. Cut twenty acres of wheat with an eight-foot binder. Mow fifteen acres with five-foot mower rake or pull a hay loader; and in addition can be used for belt work not requiring to exceed ten to twelve horse power.

This Tractor has been in use for four years and is not an experiment. It is superior in every detail of construction.

When the Indiana Silo Company went into the Tractor business four years ago, they found the trouble with Tractors was that they were always laid up for repairs. They have solved that part; they have so constructed it so as to reduce repair bill to a minimum and is so simple any boy can operate.

Tractor will be in Rushville, Saturday, February 15th, and will be more than pleased to demonstrate it as soon as weather permits.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire.

There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the

blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle to-day at any drugstore, and you will see results from the right treatment. It is what Swift & Company earned in 1918.

2 cents on each dollar of sales—only a fraction of a cent per pound—was too small to have any noticeable effect on prices.

11% on investment (capital and surplus) means only fair returns to the 25,000 shareholders; they received 8% dividends in 1918.

Miss Bertha Helm was hostess for the Thursday Afternoon Bridge club yesterday afternoon at her home in West Fifth street. The afternoon was enjoyed playing Bridge by the eight guests. Dainty refreshments were served to the guests at a late hour.

The members of the Junior League of the M. E. church were delightfully entertained by their president, Mrs. J. E. Miller in the parlors of the church yesterday afternoon from four to six o'clock. The rooms were decorated with George Washington emblems and the hours were spent in playing games and contests. Refreshments of ice cream, cake and mints were served to the fifty guests that were present.

WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Rushville resident's example. Mrs. Joseph S. Endicott, 125 S. Harrison St., says: "Sometimes I over did at my housework or took cold and it was at just such times as that I had trouble with my back. My back would get so lame I was miserable and everything in the way of work wore me out. When stooping, sharp catches would seize me across the small of my back. Doan's Kidney Pills, which I got at Pitman & Wilson's Drug Store, never failed to cure me of these attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Endicott had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—(Adv.)

WIN-MY-CHUM WEEK TO BE OBSERVED HERE

Some of Methodist Church's Most Prominent Workers Will Speak at Epworth League Meetings

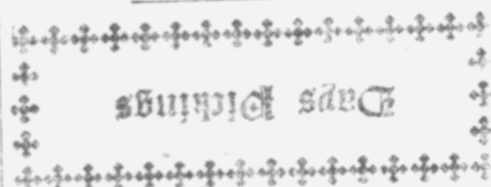

ARMY CHAPLIN TO SPEAK

The "Win-My-Chum" meetings of the Epworth League to be held at the St. Paul's M. E. church all next week, beginning on Sunday evening, will bring to this city some of the church's most prominent workers among young people.

Dr. Brumley of Chicago is the national representative of the central office of the Epworth League for life service and institute work among the Leaguers. He will talk at the Wednesday night meeting. Chaplin William L. Sanders, now pastor of the Capitol Avenue Methodist church in Indianapolis, will speak at the Tuesday evening meeting. He has just been discharged from the army where he served as chaplain and his story of the experiences among the soldiers is said to be an intensely interesting one.

Friday night will be "Soldier Night" when talks will be made by local boys who have returned from the service and a reception and social will follow the meeting in the church parlors, honoring all of the soldiers present.

The two Sunday evening meetings will be held at six o'clock and on every evening with the exception of Saturday, meetings will begin at 7:30 and continue for one hour. Special music have been planned for each of the meetings and a "headliner" is promised in the speaker for each evening.

Mr. and Mrs. Leo Scheitgen have moved from their home in North Willow street to New Salem. Mr. Scheitgen resumed his duties as mail carrier on a New Salem route some time ago, Mrs. Scheitgen having lived here while he was in the service.

The funeral services of Miss Anna Gulde, formerly of this county, who died at the home of her parents in Shirley yesterday, will be held at St. Mary's Catholic church tomorrow morning at 9:30 o'clock and burial will take place in Calvary cemetery. Friends may view the remains at the church.

DAILY HEALTH TALKS**Better Be Careful About Your Kidneys**

BY N. B. COOK, M. D.

Foods taken into the stomach go through various chemical changes, and some of these changes are poisons that must be sifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their vital work, death may be only a few hours away. Happily, Nature has provided warning signals telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, puffs under the eyes, thin blood, dry skin, ringing in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system. To overcome these troubles, Dr. Pierce's Anuric Tablets, Dr. Pierce, of Buffalo, N. Y., compounded what he calls Anuric Tablets. No other kidney medicine is its equal in giving relief and re-establishing healthful work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anuric Tablets—a glass of water with each tablet. This washes and flushes the kidneys while the medicine itself is dissolving the uric acid poisons and driving them out. Anuric Tablets are made double strength so that they dissolve uric acid the same as hot water dissolves salt or sugar. Most people need Anuric Tablets because most people have uric acid. Better get that poison out of your body for safety's sake, and better begin today.

To gently and agreeably coax the bowels back into normal activity, take Dr. Pierce's Pleasant Pellets. They are just as good for constiveness as his Anuric Tablets are good for kidney disorders, and that is saying a great deal.

Buy Your Moline Tractor Now**Because:**

You may not be able to get a Moline Universal if you delay ordering.

You will help relieve spring congestion of shipping by buying now.

You will have plenty of time to become familiar with its construction and operation before the spring rush and will be able to work your tractor in on belt work and other light jobs.

It is the only tractor which does all farm work including cultivating.

One man operates both tractor and implement from the seat of the implement where you must sit in order to do the best work.

Tractor and implement form one unit—backs as easily as it goes forward—turns in a 16-ft. circle.

It has plenty of power for your heaviest work, yet light in weight to operate economically on light jobs. All the weight on two big drive wheels—no dead weight—no extra expense.

Substantially constructed for many years of service.

Electric lights for night work and self starter for non-robust labor.

You can practically double your efficiency—you can produce more food with less help. You will need it, order now.

Hoosier Classic Becomes Veteran Event Since the Passing of Vanderbilt Cup.

RACE RECENTLY ELEVATED.

Speedway Makes Racing a Major Sport and Has Much to do With Keeping Game Alive.

Indianapolis, Ind., Feb. 21—The Indianapolis 500-mile race is now the "daddy-of 'em-all" in the automobile racing world. With the passing of the Vanderbilt Cup and the American Grand Prize Trophy from the competition the Hoosier classic becomes the veteran event. True, the Elgin Trophy was raced for the year before the Indianapolis speedway started its five centuries but the race has changed so that it can not be said that it is the same event.

Back in 1910 President Carl G. Fisher saw the handwriting on the wall for the stock car race and formulated his plans to run the greatest and longest track race in history. It was for 500-miles. It was the largest cash purse ever offered and today its \$50,000 lure is still the largest amount of cash put up for the speed kings to battle for and in the six years of 500-mile events the track will have paid the winning dri-

ver \$275,000 in cash and they have raced for half that amount in special prizes and trophies.

The local race was elevated to first place by the recent decision of William K. Vanderbilt as head of the Motor Cups Holding Association to withdraw the two road races from competition. The West Coast had several promoters and cities that desired to stage the road contests for the two trophies were flatly turned down as the donor of the Vanderbilt Cup into the sea in mid-Atlantic. The last time the Vanderbilt was held on the Long Island course where it had its inception was in 1910 and the Grand Prize has not been put on since 1911 at Savannah.

In the interim the two events and trophies have been the foot ball of the automobile race promoter.

The fact that Indianapolis made speedway racing a major league sport has had much to do with keeping the speed game alive. Also the local track has kept the standard of its race up to par, drawn the largest gate of the season every year and put up enough cash to make it a race worth while for the driver to spend money getting his car ready. In addition to having the veteran event Indianapolis has the only Speedway in America that was in existence a decade ago proving Darwin's pet theory of the "survival of the fittest."

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

SECOND DIVISION BOCHE CHASERS

Played Greatest Part of Any American Division in Changing the Tide of Battle

WERE REGULARS AND MARINES

They Came From Every Section of States but Mostly From the Middle West.

By WEBB MILLER
(U. P. Staff Correspondent.)

With the Third Army on the Rhine, Feb. 4. (By Mail.)—In the battle that probably saved Paris; in the great counter-offensive that broke and rolled back the tide of invasion from the heart of France; in the action that pinched off the St. Mihiel salient; in the battle that

pierced the German line in the Argonne; in the stroke that relieved Rheims—in each of these momentous struggles the Second American division had a large share.

In coming years, when historians and military experts calmly and dispassionately unravel the tangled skein of events of the Great War, they may find that the Second Division played a greater part in changing the course of the war than any other American division—perhaps any single division in Europe.

The Second Division captured one-fourth of the entire number of prisoners taken by the American Expeditionary force, captured one-fourth of the total of guns and suffered about one-tenth of the total casualties of the American armies.

The division landed in France in the early autumn of 1917. The officers were mostly experienced regular army officers with regiments composed of a nucleus of regulars and marines filled to full strength by men from every section of the United States, but largely from the Middle West.

After six weeks in the line the division was withdrawn for rest and training.

Then came the days of May and June. The German flood broke through Chemin des Dames and poured swiftly toward Paris. The whole world held its breath as the grey masses drew closer and closer to the capital of France. The Second was called upon for the supreme test. On the night of May 30 the orders reached headquarters.

After a fatiguing journey of about 100 miles the division was detrucked directly in the path of the advancing enemy, where he was nearest Paris. The lines were thrown across the famous Paris-Metz road. Then followed a forced march of 12 miles toward Chateau Thierry. The broad highway was crammed with pitiful caravans of distracted refugees fleeing the Hun. On the same road were the broken columns of French troops withdrawing. They were utterly worn out and discouraged. Many of the men shouted "the war is finished." They despaired of the ability of the Americans or anyone to halt the victorious enemy. As the Ninth infantry was deploying, runners hurried up with the orders to go into the line within a few hours. The men were told. They immediately unshouldered packs and threw themselves upon the ground to snatch a few minutes of sleep. Few had slept for 36 hours. A group of French officers looked on in amazement.

On the morning of June 4 the Americans took over from the exhausted French a 12-mile front. There were no reserves between them and the Marne.

On the first day in the lines the marines repulsed an attack. Then the historic fighting in Belleau Wood. In their first attack the marines gained a foothold in the woods in the face of terrible machinegun fire. The wood was literally alive with machinegunners.

During the month of continuous fighting that follows, the Second captured 24 officers, 1654 men and a large quantity of guns and material. Owing to the bitter nature of the fighting the division lost heavily—more heavily than in any other fight. The total casualties were 9777 of which 1260 were killed on the field and over 1500 severely wounded, and nearly 7,000 slightly wounded, gassed and missing.

For five weeks the division held the road to Paris. The Germans drive was halted. Then the Second was withdrawn to nurse its grievous wounds.

At this time Foch was preparing the great counter-offensive that sent the Germans reeling back from the Paris salient. The Second was getting replacements to fill up its depleted ranks. On July 16 the division was hastily loaded into trucks and unloaded in the Villers Cotteret region. Reaching the lines only a few minutes before the "H" hour, the Second attacked behind the tanks at the vital point of the thrust near Soissons. In spite of stubborn resistance and heavy losses the line swept over the German positions.

After a terrific day of fighting the Second gained its objectives. During

the night the Germans brought up fresh divisions, and at dawn the Americans and French tore into them again. In severe fighting they took heights dominating the region around Soissons.

In this battle the French and American divisions were under the command of General Mangin. At Mayence, after the armistice, Mangin declared that this battle was the decisive battle of the war.

The Second's casualties totaled 3942 men in the two attacks. Only 481 were killed on the field. Among the killed, wounded and gassed were 154 officers. The captures included 66 officers, 2899 men, 75 guns and much other booty.

The next action of importance was the battle of St. Mihiel, America's first offensive effort as an army. In seven days of fighting the division advanced more than five miles against resistance, with 1551 casualties. Over 3300 prisoners and 121 guns were taken.

Within a few days the division was shifted to Blanc Mont sector. By an impetuous attack the Germans were shoved back and the martyred city of Rheims relieved. In an advance nearly 2500 prisoners were taken. The losses aggregate 4975 men, of which about half were only slightly wounded. The dead numbered 702, while 977 were severely wounded.

Shortly afterward the attack in the Argonne was launched. In this fight the Second drew from the Germans the first admission in the communique during the war that their line was broken. The Americans smashed through the Hindenburg line and Freya Stellung—both formidable systems of successive wide belts of barbed wire and concreted strong points. In spite of the difficult terrain and stubborn resistance the division crashed through and started the Germans on the run. By this time the whole German military machine was going to pieces. In ten days' fighting before the armistice they advanced nearly 20 miles on the heels of the fleeing Germans, mopping up machinegun nests left to slow up the pursuit. The Ninth infantry accomplished a unique move. During the night it marched five miles straight ahead into the enemy lines. At dawn the Germans found the Americans behind them, and a panic ensued. The maneuver was repeated several times. On the night before the armistice the famed Second Engineers threw a bridge across the Meuse under heavy fire and the Fifth corps occupied a bridgehead on the heights across the river. The Second was still fighting when the armistice was ordered. In the Argonne-Meuse fighting the division lost 3299 men. Only 403 were killed on the battlefield. Most of the others were slightly wounded. The captures were big—105 guns, 500 machineguns and 17 trench mortars.

The divisional total of prisoners during the war is 12,026.

When the march toward the Rhine started, the Second was given a place of honor. It is one of the three divisions holding the bridgehead.

More decorations and citations have been awarded the Second than to any other division. In the records there is a whole sheaf of citations and telegrams from generals, field marshals, presidents and kings.

The division is composed of the Ninth and Twenty-third infantry organizations with records from the War of 1812—the Fifth and Sixth marines, the "Fighting" Second engineers and the 12th, 15th, and 17th artillery regiments.

DELCO-LIGHT

ELECTRICITY FOR ANYONE ANYWHERE

An Extra Hand for Farm Work

Delco-Light is the busiest and most efficient workman on the farm.

It not only furnishes an abundance of clean, safe and economical electric light for house and barn, but—

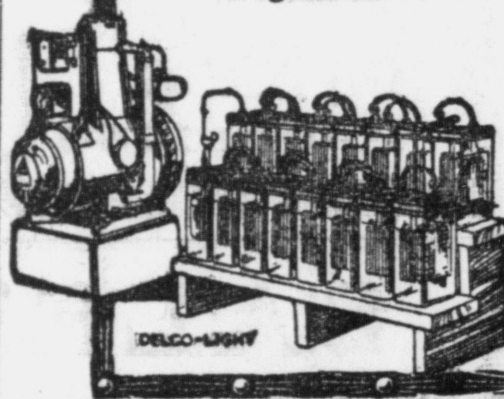

It furnishes power to pump the water, operate the separator and churn, wash the clothes and grind the tools—

It lengthens the working day by making it possible to do the barn chores safely and easily after dark—

It pays for itself in time and labor saved—

And at the same time it adds greatly to the comfort and convenience of farm life.

Delco-Light is a simple, compact, highly-efficient electric plant that requires little or no attention, and that runs on kerosene, gas or gasoline.

IT IS TRUE

That not much building is being done these days, but folks are improving their old homes instead of building new ones.

Interior decoration is getting considerable consideration. Many people are keeping that promise they made to themselves—"To paper those rooms as soon as the war is over." Now is the best time for you to keep that promise, too, while our stock is new and fresh.

Many of our customers have been so pleased with our 1919 decorations they have made selections for every room in the house and are having it applied now to avoid the usual spring "Rush." Why not profit by their wisdom and make your selections soon? We are glad to suggest appropriate combinations.

WEAKNESS REMAINS LONG AFTER Influenza

Reports Show That Strength, Energy and Ambition Return Very Slowly to Grippe Patients.

After an attack of influenza, doctors advise that nature be assisted in its building-up process by the use of a good tonic—one that will not only put strength and endurance into the body, but will also help to build up and strengthen the run-down cells of the brain.

One of the most highly recommended remedies to put energy into to both body and brain is Bio-feren—your physician knows the formula—it is printed below.

There's iron in Bio-feren—the kind of iron that makes red blood corpuscles and creates vigor. There is leithin also; probably the best brain invigorator known to science. Then there is good old reliable gentian, that brings back your lagging appetite.

There are other ingredients that help to promote good health, as you can see by reading this formula, not forgetting kolo, that great agent that puts the power of endurance into weak people.

Taken altogether Bio-feren is a splendid active tonic that will greatly help any weak, run-down person to regain normal strength, energy, ambition and endurance.

Bio-feren is sold by all reliable druggists and is inexpensive. For weakness after influenza patients are advised to take two tablets after each meal and one at bed time—seven a day, until health, strength and vigor are fully restored.

It will not fail to help you and if for any reason you are dissatisfied with results your druggist is authorized to return your money upon request—without any red tape of any kind.

Note to physicians: There is no secret about the formula of Bio-feren, it is printed on every package. Here it is: Leithin; Calcium Glycero-phosphate; Iron Peptonate, Manganese Peptonate; Ext. Nux. Vomica; Powdered Gentian; Phenolphthalein; Olearsin Capsicum, Kolo.

High School Notes

The game with Manilla for Wednesday night was cancelled by mutual agreement of the two teams. The gymnasium at Manilla is not properly drained and during the rainy weather last week water ran into it. Before the water could be pumped out, it was frozen. Might have been a good chance to have learned to play basketball on skates.

The Red and Black quintet will go to Connersville tonight. Mr. Curtis the coach, has been working the boys hard because he expects them to put up the best game of the season. Connersville defeated Richmond a week or so ago with the score 17 to 15, which shows they have improved greatly since the game here. Rushville will be handicapped by the inability of Norris, star floor guard, to play, but we have defeated both Richmond and Connersville earlier in the season, so our hopes are high. Next Wednesday night a game will be played on the local floor with Shelbyville. This is also expected to be a good game as S. H. S. has a fast team.

The Juniors had a meeting the other day and began laying plans for the Junior-Senior reception. Committees were named, and good headway was made. "Luck to them."

The fourth annual basketball tournament will be held in Rushville high school gym on March 1. It will be as in former years invitational and managed and financed by R. H. S. Eight teams will participate, including Connersville, Shelbyville, Milroy, Manilla, Arlington, Morrison, Fairland, and Rushville. A cup will be awarded to the winning team and our squad hopes to keep up the performance of the past two years by winning it.

The teams and faculties of the visiting high schools who will take part in the games will be entertained by the Ladies Aid Society of the Main Street Christian church on tournament day. Formerly the dinner was served by the domestic science department but on account of the limited facilities it was thought best this year to turn it over to the Aid society. The girls will assist, however, in serving.

A committee has been appointed to supervise the work of the Girls Club, consisting of one girl from each class. It is composed of the following: Frances O'Neil freshman; Florence Flechart, sophomore; Jean Sparks, junior; Lora Spurrier, senior. The committee met with its chairman, Dorothy Sparks, and with Miss Denny and Miss Dennis, the club advisors, Thursday evening after school and discussed the many plans suggested for the girls' part on tournament day.

The name of the girls newly organized club is still at stake. Girls, get busy, the organization must have a name.

Everybody wants to go to Cville for the game tonight. We're going to play them. Games with our neighbor are always interesting because the people as the well as the teams of the two places have always been rivals. So come on—everybody—and go over, we're goin' to have some time.

"What a peach of a clime
For a peach of a time."

A gas attack almost as bad as those of the Germans on our soldiers, was in full force this morning in the chemistry laboratory during the third period. The gas being prepared was merely chlorine but caused a great commotion among the workers. Gas masks were improvised from large handkerchiefs and windows were thrown wide. At the end of the period the poor victims were seen lying and hanging on banisters and over chairs and were heard coughing and sneezing. Some poor suffering junior remarked, "If this is the way those poor soldiers felt, I don't blame them for dying."

In a history class the other day the discussion had drifted to the stock exchange when, in answer to a question, someone stated there had been a corner on the wheat market for some time. Mr. Scheidler said, "Yes, and there has also been a corner on eggs." Some eggs!

HEALTH ALMANAC DEALS WITH DISEASE CONTROL

One of the almanacs of the 16th century bore the following title:

"Pronostycaeyon of Mayster John Thybault, medycyner and astronomer of the Emperyall Majestie, of the year of Our Lorde God MCCCC-CXXXIIJ., comprehending the iiij partes of this yere, and of the influence of the mone, of peas and warre, and of the sykenesses of this yere, with the constellacions of them that be under the vij planettes, and the revolutions of kynges and princes, and of the eclipses and comets."

We are still prognosticating on the subjects of "peas and warre, and the revolutions of kynges and princes," but the United States Public Health Service in its Health Almanac for 1919 is not content with chronicling our various ills, but preaches prevention of the "sykenesses of this yere."

In addition to the monthly calendar of health hints and notable events, this almanac discusses such topics as the following:

Control and prevention of infectious diseases, as pneumonia, common colds, tuberculosis, infantile paralysis, typhoid fever, smallpox, trachoma, hookworm disease, and venereal diseases.

Disposal of Human Excreta.

Importance of Clean Drinking Water.

Care of the Teeth.

Care of Milk in the Home.

What the U. S. Public Health Service is doing to protect the health of the people of the United States.

Copies of the 1919 almanac may be obtained free upon application to the U. S. Public Health Bureau, 3 B Street, S. E., Washington, D. C.

Bought a
VOCALION
Dear?

That wonderful Tone Quality—I never dreamed that there could be anything so natural.

And to think—we can play all makes of records without changing the Reporducer!

Wasn't it amusing last night to see Mrs. Jones changing the Reprodusers on her Phonograph, when she wanted to change from one make of record to another?

No such crude affair for us John—our Vocalion plays them all—Victor, Columbia, Vocalion, Pathe, Edison and all other disc records; and notice how smooth our motor runs, and you don't hear that awful scratching noise either, do you?

Well, I am certainly glad that we decided on the Vocalion for that expression device—The Graduola—is marvelous, and the new Vocalion Records—did you ever hear such clear-sweet tones.

My advice to my friends is—don't buy a phonograph of any kind until you have gone down to Johnson's and heard and played the Vocalion.

You can play Vocalion records on any phonograph. If you haven't an attachment, we'll get you one. Come in and ask about it.

TO CLOSE THE FUND BY END OF MONTH

Campaign is Started to Get Remaining \$1,000 in Cash to Make County's Armenian Quota

TOTAL CASH RECEIVED \$3,913

More Than \$200 Paid in Three Days, But no More Townships Have Reached Allotments

	Quota	Cash
Ripley	\$ 450.	\$945.76
Posey	350.	100.90
Walker	300.	248.50
Orange	300.	303.50
Anderson	450.	471.55
Rushville	1,500	996.67
Jackson	200.	182.75
Center	350.	302.85
Washington	275	275.00
Union	325.	140.50
Noble	275.	275.50
Richland	225.	122.25

Total \$3,913.73

With \$1,000 in cash yet to raise, Walter E. Frazee, county chairman of the Armenian-Syrian relief campaign, today started a drive to close the fund, with the quota of \$4,950 paid in, by the last day of this month. Much of the balance due has been pledged, it is believed, and the task remaining is to collect that which has been subscribed and raise a little more money in some of the townships which have not reached their quotas.

A compilation by the treasurer of the fund today showed \$3,913.73 actually paid in cash. This is an increase of almost \$200 since the last report of the cash on hands, made three days ago.

These cash contributions, however, have not been responsible for any more townships reaching their allotments since the last report. Only five townships have touched or passed their quotas—Ripley, Anderson, Orange, Washington and Noble.

Several townships, however, are close to the goal, notably Walker, which lacks only \$51.50. It is thought there are enough unpaid pledges to make the quota of \$300. Jackson township, too, is only \$17.25 behind its allotment of \$200. Center lacks only \$47.15, but Union, Richland and Posey are all more than \$100 behind. Rushville township lacks \$500, but there are many pledges in this township yet to be paid.

President Wilson Expected to Speak In The Afternoon

(By United Press.)

Washington, Feb. 21.—The president's ship, George Washington, will arrive in Boston by Monday noon, Secretary of Navy Daniels announced this morning. The president plans to return to France, sailing about March 5, Daniels added.

The president expects to speak in Boston Monday afternoon.

Washington, Feb. 21.—The house today passed the bill appropriating \$750,000,000 for the railroad administration's revolving fund. The vote was 272 to 15.

SAYS PEOPLE SHOULD VOTE

Borah Thinks They Should Express Will on League

(By United Press.)

Washington, Feb. 21.—Senator Borah today demanded that the American people be given a vote on the league of nations constitution before the government binds itself under the compact.

In a speech to the senate, he warned that if the people are not afforded this opportunity to express their opinion, they will take the opportunity later to express their mind.

SWITZERLAND SCENE OF RADICALS PLOTS

Rumors of Several Being Unearthed There, Including One to Assassinate Wilson

CLEMENCEAU IS IMPROVING

(By United Press.)

Paris, Feb. 21.—Rumors were being circulated in Paris today that several plots have been unearthed in Switzerland in connection with the attack on Premier Clemenceau. One report was that radicals had planned to assassinate Clemenceau and President Wilson but had not succeeded in crossing the frontier into France owing to the watchfulness of the police. None, however, could be traced to a reliable source.

Premier Clemenceau will be out of danger within forty-eight hours, it is believed. "I am very optimistic of my ability to return to work in four or five days," he told President Poincaré. It was announced that the premier was getting on as well as possible.

INJUNCTION ISSUED AGAINST PHONE RATES

Judge Holds Burlington Has No Right to Fix Rates in Excess of Those Fixed by Commission

ADMITS RIGHT TO OPERATE

Indianapolis, Ind., Feb. 21.—A temporary injunction restraining the Central Union and Indianapolis telephone companies and Postmaster General Burleson from continuing to enforce the increased toll rates, was granted by Judge Lewis Ewbank in Marion circuit court today on petition of the public service commission. The decision affected the entire state.

Judge Ewbank said the right of Burleson to take over and operate the telephone companies is not questioned, but denied the right of the postmaster general to fix charges in excess of the rate fixed by the public service commission.

Paul Haynes, member of the public service commission, in a statement following the decision, said that the main point decided by the judge were: the public service commission still had authority to control rates, and that the Burleson toll rates on installation and removal charges are illegal.

MUST RETURN MATERIAL

Basle, Feb. 21.—The German national assembly had decided that industrial material taken from France and Belgium must be returned, according to dispatches from Weimar today.

TRANSPORTS STILL DELAYED

New York, Feb. 21.—Gales sweeping the Atlantic today continued to delay the arrival of 18 transports with 20,000 troops. Several of the vessels, including the Henderson, carrying more than 10,000 sick and wounded, have crossed Calmer, the southern water zone.

WOULD SUBMIT QUESTION TO VOTE

House Votes in Favor of People Being Allowed to Decide Whether New Constitution is Needed

JOINT MEETING TO BE HELD

House and Senate Committees Will Consider Tax and State Highway Commission Bills

(By United Press.)

Indianapolis, Ind., Feb. 21.—The house of representatives today endorsed the proposal to submit the question of a constitutional convention to the voters of the state at the general election in 1920.

The vote was close, 33 members favoring indefinite postponement of the bill when it was reported out of the committee, and 38 favoring the majority committee report recommending passage.

Representative Miller of Indianapolis, author of the bill, in a speech in favor of the measure, declared that the need for a new constitution was shown by the large number of constitutional amendments submitted at this session.

Speaker Eschbach of the house announced that the tax bill and highway commission bill, passed by the house yesterday, would again be considered by a joint committee meeting of members of the house and senate.

Further progress was made on the anti-German language legislation in the assembly today when the Van Aukken bill removing the necessity for having credits in German in order to graduate from high school, was recommended for passage by the house educational committee. The McCray bill eliminating the German tongue from grade schools, was sent to the printer and was expected to be taken up on second reading Monday.

An amendment by Representative Laughlin to the Harris bill fixing qualifications for superintendents and teachers, provided that a school superintendent, teacher or supervisor who breaks a contract, shall have his license revoked and a new license cannot be given for a period of eight years. Representative Laughlin declared that the contract breaking evil had been growing rapidly among teachers.

The Tague bill extending the term of the judge of the circuit court of Franklin, Fayette and Union counties, was recommended for passage in the senate.

TRIAL IS POSTPONED AGAIN

Otis Jones Allowed More Time on Embezzlement Case

For the second time the case of the state against Otis Jones of Indianapolis, formerly of this city, accused of embezzlement, has been postponed. The first postponement was due to the defense not being ready, and today Squire Stech continued the case to next Wednesday for the same reason.

LIQUOR CARRYING STOPPED

Injunction Against Practice Issued in Toledo Today

(By United Press.)

Toledo, Ohio, Feb. 21.—Carrying liquor from Ohio into Michigan was stopped this morning when Judge Root of the circuit court granted an injunction enjoining every person from bringing liquor into Michigan on the ground that it is against the constitution and the dry laws of the state. State officials will arrest all liquor runners crossing the state line.

HALF POPULATION IN THE RED CROSS

Report on Membership Drive Reveals 9,295 Members and Receipts Amounting to \$9,419.85

\$99 EXCESS CONTRIBUTIONS

Some Donations Are Used to Pay For Persons Who Are Unable To Belong

The membership of the Rush county chapter of the American Red Cross now numbers 9,295, representing approximately fifty percent of the population of the county, according to an official report on the results of the membership drive the week before Christmas last year.

Total receipts for the membership drive amounted to \$9,419.85, the report shows, of which \$99.10 was in the form of contributions that paid for no memberships. In some instances contributions were used to pay for memberships of persons who could not afford to join, but this sum was in excess of all contributions so used.

There are 9,276 regular members and nineteen subscribed members—those who pay more than a dollar a year and receive the Red Cross magazine. The local chapter keeps \$1.25 of the membership dues of the subscribing members and 50 cents of the dues of the regular members. Twenty-seven junior members are also listed, children who joined for 25 cents dues but are not of school age. No report is available on the membership of the Junior Red Cross composed entirely of school children.

Excess contributions were divided among the townships as follows: Posey, \$12.50; Walker, \$50; Rushville, \$20.10; Union, \$18; Noble, \$6; Richland, \$42.

The following shows the membership of all classes excepting juniors, and the amount paid in dues, including excess contributions:

Twp.	Members	Amount
Ripley	670.	\$ 675.00
Posey	657.	671.75

FINED FOR RUNNING WITH NO 1919 LICENSE

Everett Messer Pays Fine of \$1 and Costs Today—Auto Laws Enforced Elsewhere, Mayor Says

CITES INDIANAPOLIS CASES

Everett Messer, living east of the city, was fined \$1 and costs by Mayor Irvin today for running his automobile without a 1919 license plate. The mayor says that Messer had previously been warned about buying a license and on one occasion had promised to order a license plate at once, which he did not do. Messer paid his fine.

The mayor pointed out that automobile laws are being rigorously enforced in other cities. He referred to an item in the Indianapolis News last night reporting the fixing of five speeders, of two who parked their cars with the motors running and of a number of others for running without this year's license plates.

In the last few days two Rush county men have been fined in Indianapolis for driving their machines past a standing street car, the mayor says.

LOCAL SHRINERS ATTENDING

Going to Cincinnati For Ceremonial Session Tomorrow

Local Shriners today began the pilgrimage across the desert to the Syrian Temple in the Oasis of Cincinnati for the ceremonial session which is advertised as the biggest Shriners event in the middlewest since the war. A number of Shriners left over the C. & W. at 10:51 this morning and a much larger crowd is expected to go in the morning. The initiation will take place at Music Hall tomorrow afternoon at 2:30, preceded by a parade at 1:45.

PERSON-TO-PERSON CALLS NOW ALLOWED

Revision in Telephone Rules Allows other Than Station-to-Station Calls in County

BECOMES EFFECTIVE TODAY

BULLETIN.

The Rushville Co-operative Telephone Co. was notified this afternoon to apply the old phone rates on account of the injunction issued in Indianapolis today against the new government rates.

A change in the rules governing telephone companies, which became effective when the government assumed control last month, was announced today by the Rushville Co-operative Telephone company, and makes possible a person-to-person, appointment or messenger call in Rush county. The rules originally issued did not allow anything but a station-to-station call under twelve miles, which made impossible a call of any other kind in Rush county. The change became effective today.

A station-to-station call any place in the county is ten cents, but a person-to-person call is fifteen cents and an appointment or messenger call is twenty cents. A report charge of five cents is assessed on person-to-person and appointment or messenger calls in case no conversation takes place over the telephone. This charge is made to pay for the time of the operator in putting up the call.

JOHN TRIBBEY FOUND GUILTY BY THE JURY

Sentenced to 30 Days in Jail and Fined \$50 and Costs After 10 Hours Deliberation.

ALSMAN TRIAL NEXT TUESDAY.

The jury returned a verdict at two o'clock this morning, after being out more than ten hours, in the case of the state against John B. Tribbey of Posey township, finding him guilty as charged in the grand jury indictment, and fining him \$50 and costs and giving him a jail sentence of thirty days.

The trial of the case, in which Tribbey was accused of illicit relations with Mrs. Blanch Alsmann, wife of Tom Alsmann, 424 East Eighth street, began before a jury yesterday morning and continued until about three o'clock in the afternoon. The defense introduced no evidence, Tribbey himself not being placed on the witness stand.

Mrs. Alsmann faces the same charge as Tribbey did, having been indicted by the grand jury at the same time. In the hearing yesterday, it was brought out that Alsmann shot at his wife and Tribbey, while they were riding in a buggy north-west of Rushville, the night of December 26, and that a "spent" bullet caused a slight flesh wound in Mrs. Alsmann's shoulder. Mrs. Alsmann's trial is set for next Tuesday.

TOURNEY WILL BE HELD HERE MAR. 1

Eight Basketball Teams Will Participate in Invitational Basketball Tournament.

WILL BE THREE SESSIONS.

Winner Will be Presented with a Silver Loving Cup at Close of Tourney

The annual invitational basketball tourney will be given in the Rushville high school gymnasium, Saturday March 1. It has been the custom of the local high school to hold a tournament each year at this time and a great deal of benefit has been derived therefrom. Teams from various counties compete, giving each an idea where they will stand in the sectional tourney. It gives the players and scholars an opportunity to become better acquainted with the various schools and faculty.

Connersville, Moscow, Arlington, Manilla, Milroy, Morristown, Rushville and Shelbyville high schools will be represented and a good attendance is expected at each of the sessions. The morning session consisting of four games, will commence at 9:00 o'clock; the afternoon session of two games will commence at 2:30 o'clock and the evening session, also of two games, will commence at 7:30. The teams will draw their opponents at 8:30. A handsome loving cup will be presented to the winning team. The doors will be open to the public thirty minutes before each session.

The high school girls will serve refreshments and sandwiches during the games, the proceeds of which will be turned over to the United War Work campaign pledges. The girls will also have a rest room furnished for the use of the girls from the visiting schools. They will be free to go there at any time during the day, and will be able in this way to talk with old friends, as well as making many new ones.

The boys are also planning to take charge of the visiting boys and make them feel at home while here and in general show them a good time. The teams which will take part in the tourney are the pick of this part of the state and basketball fans are assured of a full day of good sport.

GERMAN TROOPS FIGHT IN THE NEUTRAL ZONE

With Permission of Gen. Foch, They Recapture Elberfeld Buildings. From Spartacans

DISORDER ON THE INCREASE

(By United Press.)

Basle, Feb. 21.—German government troops operating with Marshal Foch's permission, have recaptured from the Spartacans all the principal buildings in Elberfeld, according to dispatches received here today. The fighting continued until noon yesterday when, in agreement with the allies, the troops withdrew until this morning, leaving a guard to maintain order.

Elberfeld is within the neutral zone east of the Rhineland.

The general strike and disorders are increasing, it was indicated in the dispatches today.

Mutinous sailors and government troops clashed in Munich when sixty sailors attacked the building in which the Bavarian council was sitting, according to the dispatch. The sailors retreated.

PREMIER ASSASSINATED

Amsterdam, Feb. 21.—Kirk Reinier, Bavarian premier has been assassinated, according to a dispatch from Munich today.

Make This Test For Acid-Stomach

There are millions of people who suffer almost daily from the horrors of an acid stomach—indigestion; sour, gassy, stomach; distending heartburn; sickening food-repeating; puffed up, lumpy feeling after eating. Many of these people have tried treatment after treatment; medicine after medicine; others have gone to doctors and stomach specialists and some to hospitals but in spite of all of their efforts they have obtained no lasting relief or a permanent cure.

These symptoms simply mean acid-stomach. If allowed to run on, they are very likely to cause a lot of serious trouble. Dyspepsia, rheumatism, gout, lumbago, sciatica, splitting headache, dizzy spells, nervousness, sleeplessness, mental depression, melancholia, a feeling of listlessness and all-goneness—these are just a few of the disorders which can be traced to acid-stomach. As a matter of fact, acid-stomach is often the direct cause of those almost incurable conditions known as catarrh of the stomach, intestinal ulcer, and cancer of the stomach. The lives of those who suffer from these serious troubles are nothing short of daily agony. Surely, then, you must see how important it is to go at once to the seat of the trouble—acid-stomach. You know what acid-

mouth does to the teeth—how it eats right through the hard enamel and causes them to decay. Think then of the havoc that must be caused by excess acid in the stomach!

Even if you are not suffering any immediate stomach pains, but are not feeling just as fit and fine as you should, you should by all means make this test: go to your drug store at once and get a big box of EATONIC. It is in the form of pleasant-tasting tablets—you eat them like a bit of candy. EATONIC is prepared for just one purpose—correcting acid-stomach by driving out the excess acid. EATONIC literally absorbs the excess acid. It brings instant relief from the pains of indigestion, heartburn, belching, sour, gassy stomach, bloating, etc. It makes the stomach pure, sweet, cool and comfortable, puts it in a normal, healthy condition, so that your food is properly digested. You need every bit of strength you can possibly get out of the food you eat—and EATONIC helps you get it.

Don't put this test off if you value your future good health and happiness. You run no chance at all because EATONIC is absolutely guaranteed to give you relief or your druggist will refund your money. The cost is a mere trifle.

Cane Is Mark of High Office.

It has been the custom of the surgeon of the king of England to carry a "gold-headed cane." This cane has been handed down to the various incumbents of the office since the days of Dr. John Radcliffe, who was the first "holder of the cane." It has been used for 200 years or more by the greatest physicians and surgeons in the world, who succeeded to it. The "gold-headed cane" was adorned by a cross-bar at the top instead of a knob. The fact is explained by Munk, in that Radcliffe, the first owner, was a rule unto himself, and probably preferred this device as a mark of distinction from the knob used by physicians in general.

Life of Congress.

Each congress lasts two years, and under the Constitution must assemble at least once each year. Two regular sessions are held, both beginning on the first Monday in December. The long session lasts from December of each odd year until congress adjourns, generally on the following June or July, and the short session, beginning in December of each even year, ends at noon on the following March 4. The long session may last until the next session begins, while the short session is ended by the expiration of the two years' term for which the congress is elected on March 4, following its meeting.

W. S. Hart at The Princess

William S. Hart's new Artercraft picture, "The Border Wireless," which is being shown at the Princess theatre tonight, has been designated by those who have had previous of the production as a picture "with a real thrill."

Of course, every Hart picture has a thrill, a consistent story with action in every foot, but the fact that this one is concerned largely with the machinations of a band of Hun-plotters in America, on the borders of Mexico, gives added interest and enables the star to depict certain phases of the war at home which are not only timely, but decidedly fascinating.

It gives Hart a chance to wear khaki; presents him first as a bandit depicts his reform when patriotic inspiration arouses him to the fact that he is at heart a man of honor; shows his effort to enter the army, temporarily frustrated by his record which is exposed by a German, and his final pardon and acceptance when he uncovers a dastardly plot and exposes the wireless operations of the spies, whose instruments are hidden in an old mine.

Howard E. Morton wrote the story and C. Gardner Sullivan the scenario. Mr. Hart directed the picture and Joe August did the photographic work. Many of the scenes were actually taken on the borders of the Mexican republic. Wanda Hawley is Mr. Hart's leading woman.

Saturday, "Everybody's Girl," featuring Alice Joyce, will be shown and a rip-roaring, Mack Sennett comedy, "Her First Mistake," is also on the program.

"The Mortgaged Wife" Tonight

Dorothy Phillips, playing the part of Gloria Carter in "The Mortgaged Wife," will be shown at the Mystic theatre tonight. This is the story of a young bride held in restraint by her former sweetheart.

The guns of fate thundered at beautiful Gloria Carter, volley after volley. The shock of finding that her husband was a thief was followed by the most disconcerting proposition a woman ever encountered from one who had been her most persistent suitor, and was now president of the bank in which her husband worked. Through tears of consternation, rage, betrayed virtue and utter hopelessness she saw in her hand a promissory note for the amount her husband had stolen, and in the lower left hand corner, under the heading of collateral, her own name with this short memorandum: "To be held until redeemed."

But worst of all, her craven husband on his knees urged her to accept the humiliating condition. With a last vain hope in her leaden breast that her husband would redeem the note, she gave her assent, and became a collateral for honor's sake. Could she have known that her husband would get off the other side of the train which was to take him west and a new start, she would have—but what she did do was even better.

Saturday "Shorty Hamilton" will be on the program as an extra.

S. S. Cedar, of the U. S. Light-house Service, disposed of a life-saving crew of doctors and Red Cross nurses along the southeastern coast of Alaska where the flu was raging—and picked up the crew on the home trip.

What France Has Done For Democracy

France has poured out blood and treasure to the breaking point to make the world safe for democracy. America owes her an enormous debt of gratitude for this and also for a perfect remedy for stomach, liver and intestinal trouble found by her peasants and used with reported marvelous results in this country. Geo. H. Mayr, for many years a prominent Chicago chemist, imports the ingredients and sells this herbal remedy under the name of Mayr's Wonderful Remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by Druggists Everywhere. (Adv.)

Tired, Nervous Women What You Need is Vinol

The reason we recommend Vinol so strongly for such conditions is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycerophosphates, the very elements needed to build up a run-down system and replace weakness with strength.

HERE IS PROOF

Chicago, Ill., Ky.
"I was suffering from a nervous breakdown—loss of flesh and poor appetite so I could hardly drag around and do the work for my family. My doctor prescribed Vinol. It not only made me well and strong but I have gained in weight."—Mrs. S. M. Gray.

Milwaukee, Wis.
"I was weak, nervous, all run down, no appetite and had taken different medicines without benefit. A friend advised me to try Vinol. It gave me a wonderful appetite, I sleep well, have gained in weight and am now strong and well."—Mrs. E. Strey.

For all run-down, nervous, anemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

EATONIC

FOR YOUR ACID-STOMACH

The Reason Why

We Can Guarantee

If a machine is to be guaranteed for five years it must be built so it won't break down. Every part must be as strong as the rest—no weak points. Something besides "bullstrength and awkwardness" has been brought to bear in the production of the RUSHVILLE SPECIAL Spreader. The theory in developing this spreader has been to remove the unnecessary strain throughout the entire machine, so that the natural strength and staying qualities of good material and good workmanship, could develop the greatest possible strength and durability.

It was, on this theory that the BULL DOG beater wheel and the NO-CHOKE Box were conceived and embodied as a part of this machine. These two features reduced the strain and heavy wear on the RUSHVILLE SPECIAL so that at least 30% of the usual strain on other spreaders is absolutely cut out by these inventions.

The SELF-OILING journal bearings, the Litchfield style of a single lever which starts, stops and regulates all parts of the machine, and the general simplicity cuts down the possibility for trouble and breakage to such an extent that the machine is practically "Fool Proof."

The front construction which the circle front and the Litchfield Style of bracing from the front axle to the cross bar under the machine, the ENDLESS conveyor with the SELF-CLEANING hinged sections, the self-aligning beater wheel bearings, the riveted teeth in the cylinder bars, the cross trussed and re-inforced frame, the steel hub wheel and other special features found only on the RUSHVILLE SPECIAL Spreader, all combined give the great strength, durability and long life which enables the Litchfield Mfg. Co. to give every purchaser of a standard spreader a written contract guaranteeing it for five years.

All possible cause for trouble, breakage, and accident are studiously removed and overcome. This statement is strong and so is the machine. The Company is behind it and so am I.

RUSHVILLE TO MEET CONNERSVILLE FIVE

Local Basketball Team Hopeful of Bringing Home the "Bacon" in Game Tonight

Rushville high school plays Connersville tonight in the gymnasium there and from the reports from Connersville, the team is in trim and bent upon winning this game if they never do anything else. The local team has the same notion and if there is any honorable way to defeat the Connersville quintet, they are going to do it, and in great style. The locals are in fine condition and do not feel uneasy as to the outcome of the conflict tonight. Rushville will be well represented although weather conditions will not be the best. Connersville reports that the yelling machine there is organized and if noise will win the game, they will be merry winners. Yelling is all-right, but that will not make a basket and it must not be overlooked that R. H. S. has the real "pep".

Manilla at Milroy Tonight.

What is expected to be one of the fastest basketball games of the season on the Milroy floor will be played there tonight between the Milroy high school team and Manilla. Milroy will go into the game with a clear record since the team has won every game played this year. Manilla has one of the fastest games of this section of the state and when these teams clash tonight, a real game of basketball is expected.

One-Man Power.

Under the provisions of the espionage act and other war legislation, the postmaster general is given the power and authority to exclude from the mails all matter that he deems to be treasonable. The fact

that treasonable matter is not to be given the privileges of our postal system meets with favor from everybody, but the clothing of a single individual with autocratic power, to decide the fact of whether a writing is treasonable has proved a thorn in the side of many a well-meaning editor. Some of our newspaper managers have been summoned to Washington and told that if their policy did not correspond to certain specified lines of thought their publications would be denied the use of the mails. But while one paper was rigorously censored by the post office authorities another was granted great latitude in matter that it was allowed to print. "You can gather any amount of testimony," says Senator Borah of Idaho, "from newspaper men and publishers in the country to the judgment, equally reprehensible with what that paper published, while this paper was permitted to go through the mails and that was excluded."

Senator Borah has given the whole matter much attention and two weeks ago, served notice in the Senate that he would offer a named amendment to the postoffice appropriation bill to repeal the provisions of law that give Mr. Burleson power to pass final judgment as to whether a news-

paper contains treasonable utterances. Unfortunately when Mr. Borah presented the amendment it was defeated by a party vote of 39 to 25.

Mr. Borah's contention was based on the fact that the constitution gives congress no power whatever to deal with the freedom of the press or of free speech, and that the delegation to a single individual of authority to brand anything he may wish as treasonable is not within the province of congress. While it is a crime to utter treason it should be the duty of a jury, and not an individual, to determine that an utterance should be characterized as treasonable, and, as a consequence, excluded from the mails.

While the proper use of the arbitrary power to deny the mails to any publication may result in much good, it is so susceptible of abuse that it is far better, in the opinion of Senator Borah, to let publishers take the risk of printing objectionable matter, knowing that they face prosecution under other statutes if they circulate treasonable statements. In the words of Madison, referring to the freedom of the press, "It is better to leave a few of its noxious branches to their luxuriant growth than by pruning them away to injure the vigor of those yielding the proper fruit." In other words the evils connected with the complete freedom of the press are infinitely small and of infinitely inconsequential effects as compared with the evil of a censored press.

As an illustration of the way the provision of the espionage act has been enforced by Mr. Burleson, Senator Borah stated that he searched through a paper from cover to cover to find why it had been denied the privileges of the mails, but with out success. He could not even select the article upon which, in all probability, the postmaster general had relied. The trouble with the law as now written is that, to use the words of Senator Borah, "The beginning and the end of it is the will of the postmaster general." Such a statute is repugnant to the spirit of the constitution that guarantees freedom of the press and trial by jury, and contrary to the cherished liberties of the people. Although Senator Borah's attempt to secure its repeal has met with a check, it may be safely predicted that it is only temporary.

Our Doughboy in France

Yes, he grumbles sometime—and who shall blame him? He has often had to march in the mud and sleep on the ground and eat "bully beef" out of a tin can. You never tried all that, did you?

And he swears, sure enough; isn't that the privilege of a soldier?

The doughboy's swearing is what the French call a "manner of speaking." He uses the words as an emphasis, without much sense of their original meaning.

Yes, he is quick tempered too, and we will thank God for it. Remember now the inspiration of righteous anger joined with spiritual trust in his cause sent him over the top like a flame of fire at Cantigny, at Soissons, at Verdun, to work vengeance on the cruel of this world and to protect the weak.

For the rest, our doughboy is a clean young fellow. He does not drink. He is generous and kind to a fault, and possesses a keen sense of humor, with very little use for hypocrisy in any form and a strong belief in all manly virtues. Whether marching through France, Belgium or Germany, fighting in the snows of Russia or escorting loads of flour into Vienna, he has an abiding faith in the good old United States and a love for home and mother.

We can all take pride in this mo-

FEEL MISERABLE FROM THAT COLD?

Colds and coughs are quickly relieved by Dr. King's New Discovery

Nobody should feel "perfectly miserable" from a cold, cough or bronchial attack for very long. For it takes only a little while to relieve it and get back on the road to recovery when Dr. King's New Discovery is faithfully used. It soon loosens the phlegm, relieves irritation, soothes the parched, sore throat, brings comfort.

Half a century old and more popular today than ever. 60c and \$1.20.

PLANNING TRIP TO PANAMA

Congressman and Mrs. Elliot to Leave When Congress Adjourns

Connersville, Ind., Feb. 21.—Representative Richard N. Elliot and wife are planning a trip to Panama upon the adjournment of Congress March fourth. They will be members of a party that will include quite a number of Congressmen and their wives and while the trip will be in the nature of a pleasure jaunt it will also be of value to the legislators. Congressman and Mrs. Elliot, both of whom are in Washington, will not return to Connersville before sailing.

The World's Tractor

This one man single unit two wheeled Tractor weighs 1700 pounds and in ten hours will plow four acres. Disc twenty acres with a seven-foot tandem disc. Harrows forty-five to fifty acres with a 15-foot harrow. Plant twenty to twenty-five acres of corn, cultivate 20 acres with a two-row cultivator.

Harvest ten acres with a corn binder. Cut twenty acres of wheat with an eight-foot binder. Mow fifteen acres with five-foot mower rake or pull a hay loader; and in addition can be used for belt work not requiring to exceed ten to twelve horse power.

This Tractor has been in use for four years and is not an experiment. It is superior in every detail of construction.

When the Indiana Silo Company went into the Tractor business four years ago, they found the trouble with Tractors was that they were always laid up for repairs. They have solved that part; they have so constructed it so as to reduce repair bill to a minimum and is so simple any boy can operate.

Tractor will be in Rushville, Saturday, February 15th, and will be more than pleased to demonstrate it as soon as weather permits.

The Itching and Sting of Blazing, Fiery Eczema

Seems Like the Skin Is on Fire.

There is a harassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source.

The source of Eczema is in the

blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle to-day, at any drugstore, and you will see results from the right treatment. WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Rushville resident's example.

Mrs. Joseph S. Endicott, 125 S. Harrison St., says: "Sometimes I over did at my housework or took cold and it was at just such times as that I had trouble with my back. My back would get so lame, I was miserable and everything in the way of work wore me out. When stooping, sharp catches would seize me across the small of my back. Doan's Kidney Pills, which I got at Pitman & Wilson's Drug Store, never failed to cure me of these attacks."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Endicott had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. (Adv.)

WIN-MY-CHUM WEEK TO BE OBSERVED HERE

Some of Methodist Church's Most Prominent Workers Will Speak at Epworth League Meetings

ARMY CHAPLIN TO SPEAK

The "Win-My-Chum" meetings of the Epworth League to be held at the St. Paul's M. E. church all next week, beginning on Sunday evening, will bring to this city some of the church's most prominent workers among young people.

Dr. Bramley of Chicago is the national representative of the central office of the Epworth League for life service and institute work among the Leaguers. He will talk at the Wednesday night meeting. Chaplain William L. Sanders, now pastor of the Capitol Avenue Methodist church in Indianapolis, will speak at the Tuesday evening meeting. He has just been discharged from the army where he served as chaplain and his story of the experiences among the soldiers is said to be an intensely interesting one.

Friday night will be "Soldier Night" when talks will be made by local boys who have returned from the service and a reception and social will follow the meeting in the church parlors, honoring all of the soldiers present.

The two Sunday evening meetings will be held at six o'clock and on every evening with the exception of Saturday, meetings will begin at 7:30 and continue for one hour. Special music have been planned for each of the meetings and a "headliner" is promised in the speaker for each evening.

Better Be Careful About Your Kidneys

BY N. B. COOK, M. D.

Foods taken into the stomach go through various chemical changes, and some of these changes are poisons that must be sifted out and disposed of. It is the duty of the kidneys to do this. When the kidneys do not fully perform their vital work, death may be only a few hours away. Happily, Nature has provided warning alarms telling people when their kidneys are not well. These warnings come in the form of dragging pains in the small of the back, weak stomach, low spirits, chills, nausea, headache, scanty urine and frequent desire to pass it, short breath, numbness, cramps, coated tongue, bad breath, puffing under the eyes, thin blood, dry skin, ringing in the ears, spots before the eyes and many other symptoms. All come from the one cause of kidneys that are not filtering the poisons out of the system. To overcome these troubles, Dr. Pierce, of Buffalo, N. Y., compounded what he calls Anuric Tablets. No other kidney medicine is its equal in giving relief and re-establishing healthful work in the kidneys. The treatment is very simple, as you need nothing except water when taking Anuric Tablets—a glass of water with each tablet. This washes and flushes the kidneys while the medicine itself is dissolving the uric acid poisons and driving them out. Anuric Tablets are made double strength, so that they dissolve uric acid the same as hot water dissolves salt or sugar. Most people need Anuric Tablets because most people have uric acid. Better get that poison out of your body for safety's sake, and better begin today.

To gently and agreeably coax the bowels back into normal activity, take Dr. Pierce's Pleasant Pellets. They are just as good for constiveness as his Anuric Tablets are good for kidney disorders, and that is saying a great deal.

500 MILE RACE IS DADDY OF 'EM ALL

Hoosier Classic Becomes Veteran Event Since the Passing of Vanderbilt Cup.

RACE RECENTLY ELEVATED.

Speedway Makes Racing a Major Sport and Has Much to do With Keeping Game Alive.

Indianapolis, Ind., Feb. 21—The Indianapolis 500-mile race is now the 'daddy-of 'em-all' in the automobile racing world. With the passing of the Vanderbilt Cup and the American Grand Prize Trophy from the competition the Hoosier classic becomes the veteran event. True, the Elgin Trophy was raced for the year before the Indianapolis speedway started its five centuries but the race has changed so that it can not be said that it is the same event.

Back in 1910 President Carl G. Fisher saw the handwriting on the wall for the stock car race and formulated his plans to run the greatest and longest track race in history. It was for 500-miles. It was the largest cash purse ever offered and today its \$50,000 lure is still the largest amount of cash put up for the speed kings to battle for and in the six years of 500-mile events, the track will have paid the winning driver

over \$275,000 in cash and they have raced for half that amount in special prizes and trophies.

The local race was elevated to first place by the recent decision of William K. Vanderbilt as head of the Motor Cups Holding Association to withdraw the two road races from competition. The West Coast had several promoters and cities that desired to stage the road contests for the two trophies were flatly turned down as the donor of the Vanderbilt Cup into the sea in mid-Atlantic. The last time the Vanderbilt was held on the Long Island course where it had its inception was in 1910 and the Grand Prize has not been put on since 1911 at Savannah.

In the interim the two events and trophies have been the foot ball of the automobile race promoter.

The fact that Indianapolis made speedway racing a major league sport has had much to do with keeping the speed game alive. Also the local track has kept the standard of its race up to par, drawn the largest gate of the season every year and put up enough cash to make it a race worth while for the driver to spend money getting his car ready. In addition to having the veteran event Indianapolis has the only Speedway in America that was in existence a decade ago proving Darwin's pet theory of the "survival of the fittest".

Stop the "Snuffles"

If you want to make your distressed babies easy and comfortable, give **Foley's Honey and Tar.** It is just what they ought to have for feverish colds, coughs, "snuffles," and wheezy breathing. It stops croup, too. **Foley's Honey and Tar** tastes good and the little ones like it. It contains no morphine, chloroform or other drug that you wouldn't like to give to young children. Do not accept a substitute. Mrs. B. H. Garret, Schoolcraft, Va., writes: "My baby was sick with a severe cough and cold at one month old. I gave him ten to fifteen drops of **Foley's Honey and Tar** every three hours and it surely did help him. He hasn't been sick a day since."

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, purging cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. P. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowels and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

SECOND DIVISION BOCHÉ CHASERS

Played Greatest Part of Any American Division in Changing the Tide of Battle

WERE REGULARS AND MARINES

They Came From Every Section of States but Mostly From the Middle West.

By WEBB MILLER
(U. P. Staff Correspondent.)

With the Third Army on the Rhine, Feb. 4. (By Mail.)—In the battle that probably saved Paris; in the great counter-offensive that broke and rolled back the tide of invasion from the heart of France; in the action that pinched off the St. Mihiel salient; in the battle that

pierced the German line in the Argonne; in the stroke that relieved Rheims—in each of these momentous struggles the Second American division had a large share.

In coming years, when historians and military experts calmly and dispassionately unravel the tangled skein of events of the Great War, they may find that the Second Division played a greater part in changing the course of the war than any other American division—perhaps any single division in Europe.

The Second Division captured one-fourth of the entire number of prisoners taken by the American Expeditionary force, captured one-fourth of the total of guns and suffered about one-tenth of the total casualties of the American armies.

The division landed in France in the early autumn of 1917. The officers were mostly experienced regular army officers with regiments composed of a nucleus of regulars and marines filled to full strength by men from every section of the United States, but largely from the Middle West.

After six weeks in the line the division was withdrawn for rest and training.

Then came the days of May and June. The German flood broke through Chemin des Dames and poured swiftly toward Paris. The whole world held its breath as the grey masses drew closer and closer to the capital of France. The Second was called upon for the supreme test. On the night of May 30 the orders reached headquarters.

After a fatiguing journey of about 100 miles the division was detrucked directly in the path of the advancing enemy, where he was nearest Paris. The lines were thrown across the famous Paris-Metz road. Then followed a forced march of 12 miles toward Chateau Thierry. The broad highway was crammed with pitiful caravans of distracted refugees fleeing the Hun. On the same road were the broken columns of French troops withdrawing. They were utterly worn out and discouraged. Many of the men shouted "the war is finished." They despaired of the ability of the Americans or anyone to halt the victorious enemy. As the Ninth infantry was deploying, runners hurried up with the orders to go into the line within a few hours. The men were told. They immediately unshouldered packs and threw themselves upon the ground to snatch a few minutes of sleep. Few had slept for 36 hours. A group of French officers looked on in amazement.

On the morning of June 4 the Americans took over from the exhausted French a 12-mile front. There were no reserves between them and the Marne.

On the first day in the lines the marines repulsed an attack. Then the historic fighting in Belleau Wood. In their first attack the marines gained a foothold in the woods in the face of terrible machinegun fire. The wood was literally alive with machinegunners.

During the month of continuous fighting that follows, the Second captured 24 officers, 1654 men and a large quantity of guns and material. Owing to the bitter nature of the fighting the division lost heavily—more heavily than in any other fight. The total casualties were 9777 of which 1260 were killed on the field and over 1500 severely wounded, and nearly 7,000 slightly wounded, gassed and missing.

For five weeks the division held the road to Paris. The Germans drive was halted. Then the Second was withdrawn to nurse its previous wounds.

At this time Foch was preparing the great counter-offensive that sent the Germans reeling back from the Paris salient. The Second was getting replacements to fill up its depleted ranks. On July 16 the division was hastily loaded into trucks and unloaded in the Villers Cotteret region. Reaching the lines only a few minutes before the "H" hour, the Second attacked behind the tanks at the vital point of the thrust near Soissons. In spite of stubborn resistance and heavy losses the line swept over the German positions. After a terrific day of fighting the Second gained its objectives. During

the night the Germans brought up fresh divisions, and at dawn the Americans and French tore into them again. In severe fighting they took heights dominating the region around Soissons.

In this battle the French and American divisions were under the command of General Mangin. At Mayence, after the armistice, Mangin declared that this battle was the decisive battle of the war.

The Second's casualties totaled 3942 men in the two attacks. Only 481 were killed on the field. Among the killed, wounded and gassed were 154 officers. The captures included 66 officers, 2699 men, 75 guns and much other booty.

The next action of importance was the battle of St. Mihiel. America's first offensive effort as an army. In seven days of fighting the division advanced more than five miles against resistance, with 1551 casualties. Over 3300 prisoners and 121 guns were taken.

Within a few days the division was shifted to Blanc Mont sector. By an impetuous attack the Germans were shoved back and the martyred city of Rheims relieved. In an advance nearly 2500 prisoners were taken. The losses aggregate 4975 men, of which about half were only slightly wounded. The dead numbered 702, while 977 were severely wounded.

Shortly afterward the attack in the Argonne was launched. In this fight the Second drew from the Germans the first admission in the communique during the war that their line was broken. The Americans smashed through the Hindenburg line and Freya Stellung—both formidable systems of successive wide belts of barbed wire and concreted strong points. In spite of the difficult terrain and stubborn resistance the division crashed through and started the Germans on the run. By this time the whole German military machine was going to pieces. In ten days' fighting before the armistice they advanced nearly 20 miles on the heels of the fleeing Germans, mopping up machinegun nests left to slow up the pursuit. The Ninth infantry accomplished a unique move. During the night it marched five miles straight ahead into the enemy lines. At dawn the Germans found the Americans behind them, and a panic ensued. The maneuver was repeated several times. On the night before the armistice the famed Second Engineers threw a bridge across the Meuse under heavy fire and the Fifth corps occupied a bridgehead on the heights across the river. The Second was still fighting when the armistice was ordered. In the Argonne-Meuse fighting the division lost 3299 men. Only 403 were killed on the battlefield. Most of the others were slightly wounded. The captures were big—105 guns, 500 machineguns and 17 trench mortars.

The divisional total of prisoners during the war is 12,026.

When the march toward the Rhine started, the Second was given a place of honor. It is one of the three divisions holding the bridgehead.

More decorations and citations have been awarded the Second than to any other division. In the records there is a whole sheaf of citations and telegrams from generals, field marshals, presidents and kings.

The division is composed of the Ninth and Twenty-third infantry organizations with records from the War of 1912—the Fifth and Sixth marines, the "Fighting" Second engineers and the 12th, 15th, and 17th artillery regiments.

IT IS TRUE

That not much building is being done these days, but folks are improving their old homes instead of building new ones.

Interior decoration is getting considerable consideration. Many people are keeping that promise they made to themselves—"To paper those rooms as soon as the war is over." Now is the best time for you to keep that promise, too, while our stock is new and fresh.

Many of our customers have been so pleased with our 1919 decorations they have made selections for every room in the house and are having it applied now to avoid the usual spring "Rush." Why not profit by their wisdom and make your selections soon? We are glad to suggest appropriate combinations.

High School Notes

The game with Manilla for Wednesday night was cancelled by mutual agreement of the two teams. The gymnasium at Manilla is not properly drained and during the rainy weather last week water ran into it. Before the water could be pumped out, it was frozen. Might have been a good chance to have learned to play basketball on skates.

The Red and Black quintet will go to Connersville tonight. Mr. Curtis the coach, has been working the boys hard because he expects them to put up the best game of the season. Connersville defeated Richmond a week or so ago with the score 17 to 15, which shows they have improved greatly since the game here. Rushville will be handicapped by the inability of Norris, star floor guard, to play, but we have defeated both Richmond and Connersville earlier in the season, so our hopes are high. Next Wednesday night a game will be played on the local floor with Shelbyville. This is also expected to be a good game as S. H. S. has a fast team.

The Juniors had a meeting the other day and began laying plans for the Junior-Senior reception. Committees were named, and good headway was made. "Luck to them."

The fourth annual basketball tournament will be held in Rushville high school gym on March 1. It will be as in former years invitation and managed and financed by R. H. S. Eight teams will participate, including Connersville, Shelbyville, Milroy, Manilla, Arlington, Morris-ton, Fairland, and Rushville. A cup will be awarded to the winning team and our squad hopes to keep up the performance of the past two years by winning it.

The teams and faculties of the visiting high schools who will take part in the games will be entertained by the Ladies Aid Society of the Main Street Christian church on tournament day. Formerly the dinner was served by the domestic science department but on account of the limited facilities it was thought best this year to turn it over to the Aid society. The girls will assist, however, in serving.

A committee has been appointed to supervise the work of the Girls Club, consisting of one girl from each class. It is composed of the following: Frances O'Neil freshman; Florence Fleehart, sophomore; Jean Sparks, junior; Lora Spurrier, senior. The committee met with its chairman, Dorothy Sparks, and with Miss Denny and Miss Dennis, the clubs advisors, Thursday evening after school and discussed the many plans suggested for the girls' part on tournament day.

The name of the girls newly organized club is still at stake. Girls get busy, the organization must have a name.

Everybody wants to go to Cville for the game tonight. We're going to play them. Games with our neighbor are always interesting because the people as the well as the teams of the two places have always been rivals. So come on—everybody—and go over, we're goin' to have some fun.

"What a peach of a clime
For a peach of a time."

A gas attack almost as bad as those of the Germans on our soldiers, was in full force this morning in the chemistry laboratory during the third period. The gas being prepared was merely chlorine but caused a great commotion among the workers. Gas masks were improvised from large handkerchiefs and windows were thrown wide. At the end of the period the poor victims were seen lying and hanging on banisters and over chairs and were heard coughing and sneezing. Some poor suffering junior remarked, "If this is the way those poor soldiers felt, I don't blame them for dying."

In a history class the other day the discussion had drifted to the stock exchange when, in answer to a question, someone stated there had been a corner on the wheat market for some time. Mr. Scheidler said, "Yes, and there has also been a corner on eggs." Some eggs!

HEALTH ALMANAC DEALS WITH DISEASE CONTROL

One of the almanacs of the 16th century bore the following title:

"Pronostycacyon of Mayster John Thybault, medycyner and astronomer of the Emperyall Majestie, of the year of Our Lorde God MCCCC (XXXX), comprehending the iiij partes of this yere, and of the influence of the mone, of peas and warre, and of the sykenesses of this yere, with the constellacions of them that be under the vij planettes, and the revolutions of kynges and princes, and of the eclipses and comets."

We are still prognosticating on the subjects of "peas and warre, and the revolutions of kynges and princes," but the United States Public Health Service in its Health Almanac for 1919 is not content with chronicling our various ills, but preaches prevention of the "sykenesses of this yere."

In addition to the monthly calendar of health hints and notable events, this almanac discusses such topics as the following:

Control and prevention of infectious diseases, as pneumonia, common colds, tuberculosis, infantile paralysis, typhoid fever, smallpox, trachoma, hookworm disease, and venereal diseases.

Disposal of Human Excreta.

Importance of Clean Drinking Water.

Care of the Teeth.

Care of Milk in the Home.

What the U. S. Public Health Service is doing to protect the health of the people of the United States.

We Are Always Glad

to be able to advertise a money saving price on an article. While it is true that most commodities have a list price, we find that the merchant who is prompt in paying his bills and who accords the wholesaler and his salesman courteous treatment, receives many concessions that the grouchy merchant who is slow pay never hears about.

When we buy a bargain we want everyone who can to reap the benefit. In helping you we help ourselves, for we do not claim to sell at cost.

Bought a
VOCALION
Dear?

That wonderful Tone Quality—I never dreamed that there could be anything so natural.

And to think—we can play all makes of records without changing the Reporducer!

Wasn't it amusing last night to see Mrs. Jones changing the Reprodurers on her Phonograph, when she wanted to change from one make of record to another?

No such crude affair for us John—our Vocalion plays them all—Victor, Columbia, Vocalion, Pathe, Edison and all other disc records; and notice how smooth our motor runs, and you don't hear that awful scratching noise either, do you?

Well, I am certainly glad that we decided on the Vocalion for that expression device—The Graduola—is marvelous, and the new Vocalion Records—did you ever hear such clear-sweet tones.

My advice to my friends is—don't buy a phonograph of any kind until you have gone down to Johnson's and heard and played the Vocalion.

You can play Vocalion records on any phonograph. If you haven't an attachment, we'll get you one. Come in and ask about it.
